Roger Luckhurst introduces High-Rise, J G Ballard's novel about the disintegrating social fabric inside a luxury high-rise apartment block. The fiction writer J G Ballard (1930–2009) produced an extraordinary body of fiction over a 50-year career.

An introduction to High-Rise - The British Library
In High-Rise, Ballard has created an isolated environment for the close study of how an ultra-modern apartment block can transform its denizens into a new, aggressive society based on the premise that living in a motherly machine will allow your neurons to re-wire into whatever psycho state you've been unconsciously repressing in the "real" world -- that place Ballard believes is the ultimate fiction.

And Mr. Ballard's prose is riddled with intrusive psychological and sociological "insights" meant to suggest the similarity between the high rise and modern technological society. "High Rise" is a tale without a mooring; it occupies a kind of halfway house between science fiction and allegory that lacks the best qualities of both.

**Ben Wheatley's High Rise - Adrian McKinty**
Ballard has an uncanny insight on the human condition, on how technology and modernity impacts the human mind, predicting the future in peculiar ways. The story of the high rise is the story of modern and post-modern humanity, a society being cramped into ever smaller, mechanized constructs, losing touch with nature, with reality.
